

POWER YOU CAN COUNT ON

After Weeks Without Power, a Florida Couple Finally
Regained Control

THE PROBLEM

- Power outages lasting days—or weeks
- No AC in extreme Florida heat
- Food and medication at risk of spoilage
- Medical devices unable to run
- Constant worry, dependence, and uncertainty

THE SOLUTION

- 9792Wh capacity
- Commercial-grade battery
- Silent, indoor-safe operation
- Powers AC, fridge, lights, medical devices

THE RESULT

- A cool, comfortable, and safe home
- Food and medications fully protected
- Critical medical devices powered without interruption
- Year-round peace of mind—no matter the weather

WHY IT'S IDEAL FOR SENIORS

- ✓ Completely silent—no motor noise
- ✓ No fumes or fuel—safe for indoor use
- ✓ Simple push-button operation
- ✓ Reliable for medical and mobility devices
- ✓ Long runtime with solar-ready support

*We finally feel like we
will have peace of
mind during these
frustrating power
outages.*
